

# MORNING APPEAL

WEDNESDAY, JANUARY 29, 1879

## GOVERNOR'S LEVEE.

Governor and Mrs. Kinkead will receive their friends at the Opera House in this city on Thursday evening, January 30th, at 8 o'clock.

N. B. No special invitations will be issued.

## RUN OVER BY THE CARS.

The following we copy from last evening's Virginia Chronicle: At a quarter of 9 o'clock this morning the wife of Daniel Murnane was run over by a train of cars loaded with wood. It appears the unfortunate woman had been gathering chips around the lumber piles on the Ophir ground, and was returning to her home, 115 E street, which faces the north end of the railroad bridge, when the train passed. When the rear end of the train reached her, the bell sounded for the engineer to back up and take the switch. Mrs. Murnane, seeing the cars backing, made an attempt to cross and get out of the way, and while doing so, slipped on the snow. At the time she had in her hands a champagne basket filled with chips. Before any alarm could be given one of the trucks passed over her body, completely mangle her. She was carried to her house and medical aid immediately summoned. It was found that her left leg had been crushed above the ankle, and that she had sustained a compound comminuted fracture of both thighs. Two or three persons, who claim to have witnessed the accident, assert that no bell was rung when the train commenced to back, while others are equally positive that the contrary was the fact. They all agree, however, that if the woman had not slipped she could have escaped. Mr. Murnane is a miner in the California. The unfortunate woman died at 11 o'clock. She was a native of Ireland, 45 years of age. Some superstitious persons who witnessed the accident took the number of the basket in which she was carrying the chips. It was 52,208.

## MR. HUGH MOHAN'S LECTURE.

By one of those mysterious and provoking printing office mishaps whereby "copy" is first overlooked and finally lost, past all finding, a written notice of Mr. Hugh Mohan's Monday night lecture was not put into type for yesterday morning's APPEAL. The lecture was a very brilliant one, fully sustaining the reputation of its author for eloquence and wit. The subject, the Irish in America, is full of interest, and the discourse was happily delivered and replete with instruction. We understand that Mr. Mohan has been invited to deliver this lecture in Virginia, and if he does we feel quite sure that the citizens of that place will avail themselves of an opportunity of listening to it.

## DEATH OF MINT DIRECTOR LINDEMAN.

The telegraph brings us the announcement of the death of Doctor H. R. Linderman, Director of the Mint Bureau of the United States Treasury Department. The deceased was born in Philadelphia in December, 1825, and was consequently in his 54th year. Doctor Linderman was a man of more than ordinary ability, and came in the course of his official life to be recognized as an authority upon matters pertaining to coinage and the working of mints. As a token of respect to the dead Director, the mint in this city was closed yesterday.

## NEW GOODS.

Mrs. J. Sheyer & Co. have been receiving a large stock of new goods of the latest styles and most desirable quality and prices direct from New York and Europe. Ladies have only to take a look at their handsomely filled store to understand the inducements they are now offering. Read their announcement in another column, and then go and see for yourselves, their lovely new laces and ribbons and things, and you can't fail to be suited whatever your taste may desire.

## FINE CHROMOS AND OIL PAINTINGS.

Go and see those fine chromos and oil paintings at the One Dollar Store in the County Building.

WILLIAM STEWART, a bookbinder, of Virginia City, received notice on Monday last of the death of his father in Edinburgh, Scotland, who left him a small fortune of \$10,000.

At a meeting of the Carson Guard held Monday evening last, Mr. A. Moger was elected Captain, vice G. S. Morgan, resigned. We congratulate the boys on their selection.

Mr. HALPIN, a genial gentleman and one of the proprietors of the Virginia Stage, has been visiting in the city.

## ALWAYS AHEAD.

Instead of waiting for the turn of the season before getting new goods, we take pleasure in informing our patrons that we have just received a Complete New Stock of Dress Goods and exquisite Fancy Goods which we offer at such remarkably low prices that they would induce the most stingy father and husband to give down for his bottom dollar.

We have received a consignment of One Hundred Cloaks with positive instructions to close them out at any price, and we will do it. MRS. J. SHEYER & CO. Carson, January 28, 1879. 430

### GENERAL FILE.

Farrell's Senate bill 38—To regulate proceedings in civil cases—relative to exemption of two cows for others as well as farmers. Passed.

Creswell's Senate bill 11—To create a State Board of Equalization and define its duties.

Comins moved to amend so that the bill should read one or more counties, instead of two or more counties, as at present.

Mr. Creswell explained that he, in company with Senator Cassidy, had consulted with an ex-officer of the State—one well versed in State matters—and that such amendment would cause a complete change in the revenue laws and that he hoped the amendment would not be adopted.

Mr. Comins differed with Mr. Creswell and the revenue law maker.

Mr. Cassidy stated that he had all along entertained grave doubts as to the constitutionality of this bill. All special legislation

is prohibited. Friends of the bill claim that the clause reading "two or more counties" obviates the objection of special legislation.

After due consideration they had concluded to take the chances of constitutionality of the Act and so amend as to include all the railroads in this State.

Creswell read from the decision rendered by Judge Beatty in the case of Washoe County vs. C. P. R. R. Co., in relation to a uniform rate of taxation, and drew deductions relieving his bill of the accusation of unconstitutionality. He also read a decision by Chief Justice Lewis in the case of Gibson and Mason vs. Ormsby County, bearing out his position that special legislation may be had in certain cases of taxation, said legislation applying only to taxes in Ormsby County.

Comins agreed with the last speaker generally but not in the working of such legislation. He was sure the equalization would only effect taxation in a minority of the counties.

Farrell stated that it would effect nine out of the fourteen counties in the State.

Meder thought it such a Board of Equalization would complicate all matters of assessments. He undertook to state that this was intended only to apply to one kind of property. He moved to amend so as to read "including all railroads in the State whether in one or two or more counties."

Creswell stated that such an amendment in substance would be made in due time.

Comins' motion lost. Ayes 12, noes 13.

Creswell moved to amend so as to read, "railroad or railroads situated wholly in one county," etc. So amended.

Cassidy moved to amend making a failure, on the part of assessors to comply with the duties defined a misdemeanor and a forfeiture of office and imprisonment of not less than five months. So amended.

Westerfield moved to adjourn. Motion lost. Ayes 3, noes 20.

Stone moved to reduce salaries from \$10,000 to \$6,000. He objected to the bill on general principals and particularly as seeming to him special legislation. Motion prevailed.

Meder moved to amend so that the Board shall fix a valuation upon each mile of road bed of each railroad and each county assessor shall conform his assessment list to the amount fixed by said Board. Lost. Ayes 7, noes 18.

King moved to amend by limiting the amount of money to be expended to the sum mentioned in the bill. Lost. Ayes 12, noes 12.

Westerfield moved that the bill be ordered re-engrossed. Motion withdrawn.

Bill passed. Ayes 25. Adjourned at 3:15.

### Assembly—Twenty-third Day.

Speaker Gaston called the Assembly to order at 11 A. M. Prayer by Rev. Mr. Weir. Gibson, by consent, was granted leave to have it recorded on the Journal of the House that he desired to change his vote from the negative to the affirmative on the bill amending the R. R. Incorporation act of 1865.

The Speaker appointed Messrs Harlow, Fisk and Taylor as the House portion of the Joint Committee on Printing.

Also, favorably on Lyons' (of Storey) Assembly bill No. 50, which provides that the State need not give bonds in courts, in cases of prosecutions by it.

### MOTIONS AND RESOLUTIONS.

Smith (of Eureka)—Pursuant to notice, that the veto by which Assembly bill 82, proposing to amend the registry law; so as to require the presentation of natural papers of naturalization before registration, which failed to pass, be reconsidered. Lost.

### NOTICES OF BILLS.

Allen (of Storey)—To amend the practice act.

### BILLS INTRODUCED.

Hayes—To regulate the engrossment and enrollment of bills. (Giving the engrossment and enrollment of bills to the Secretary of State, who is authorized to employ clerks, who are to be paid a compensation, per folio, of 20 cents for enrolling and 15 cents for engrossing, all compensation to be audited by State Printing Expert, and respective engrossing and enrolling committees, jointly, and paid out of the Legislative Fund.) Referred to Committee on Claims.

Smith (of Lander)—To provide for safety cages in vertical shafts. (Requires the use of 3-16 of an inch boiler iron bonneted safety cages in any mining shaft of a greater depth than 400 feet, and makes of failure to comply a misdemeanor, fine from \$500 to \$1,000.) ## ANOTHER WONDERFUL CURE

EFFECTED BY

## CALIFORNIA ELASTIC TRUSS!

CALIFORNIA ELASTIC TRUSS COMPANY: W. J. HORNE, Proprietor.

Dear Sir: I feel that I owe it to you and to humanity to write the fact that I have been SUBSTANTIALLY CURED of a bad case of rupture of thirty years' standing, by one of your incomparable Trusses, which I purchased from you three months ago.

I cannot describe the suffering, both physically and mentally, that I have undergone during that period, and now I feel like a new being. I have worn all kinds of Trusses, both Steel and Elastic, and never received any permanent relief until I tried yours. Its simplicity of construction, and facility with which it can be adjusted, and the ease and perfect freedom to the motions of the body with which it can be worn without causing any irritation, are its chief merits, and it is a perfect supporter. I have not had any sign of a return of the rupture since the first day I put it on, and feel that I am perfectly CURED. It is invaluable, and the fact should be known to the world. You can not do any one a more good than the subject of their merits. I am, truly yours, ALFRED J. BUCKLE, Chief Mail Clerk U. S. P. Daily Evening Post, San Francisco, July 20, 1878.

A Physician's \$5 U. S. Experience.

W. J. HORNE, Esq., 1044 St. Francisco, July 16, 1878.

I have had used in my practice the California Elastic Truss, with entire satisfaction in most cases of complicated hernia of both sexes. During a practice of forty-five years I have found no truss that will hold the same case and certainly retain the required adjustment, the pressure being always under the immediate control of the patient. The simplicity and ease of application is of itself a guarantee to every
